

First Winter 2014...

Blackpowder Muzzleloader Shoot at the Niantic Sportsmen's Club, East Lyme, Connecticut

WINTER TRAIL WALK

NSC's amusing targets have been upgraded again for the Winter 2014 muzzleloading series, with some scenarios plucked from the club's varied history of traditional blackpowder competitions.

**Sunday Morning,
January 12, 2014**

**Registration from 9 to 10 a.m. at the
Outdoor Range Area—Rain or Shine!**

As usual, all types of traditional or modern muzzleloaders/sights are allowed; there will be approximately 12-15 targets of different sizes and at varying distances, with shootoffs as needed. It's \$10 to enter... and a free lunch follows the event.

PLEASE...No loads over 70 grains or sabotated/jacketed projectiles: they hurt the targets!
